

## Poudre School District Foundation 2014 Supporting Partnerships in Innovative Education Grants (SPIE)

School and Principal	Grant Title	Recipient(s)	Award	Description
Polaris Expeditionary Learning School Principal Joe Gawronski	The Colorado Coralition	Matt Strand	\$ 4,625.00	SPIE funding allows 20 middle and high school students to volunteer with the Coral Restoration Foundation (CRF) in the Florida Keys. Students will scuba dive with CRF instructors to help harvest healthy coral fragments in offshore nurseries and plant them on endangered reefs.
Blevins Middle School Principal David Linehan	Olander & Blevins Science Co-op	Katy Williams, Becky Chavez	\$ 1,121.89	Blevins 7th graders will partner with Olander 3rd graders in a geology fossil digging project, expanding on an existing successful science & student cooperative learning program.
Lincoln Middle School Principal Clay Gomez	The Sensory Smart Classroom	Matt Bruno, Sara Thompson	\$ 2,346.92	This project provides sensory integration tools for students with serious emotional disabilities to help diffuse sensory overload and help these students cope more effectively to stimuli.
ACE Supported Employment Program Integrated Services Coordinator Romie Tobin	Coffee Roasting Entrepreneurial Experience	Michael Woodruff	\$ 3,755.00	Students participating in the ACE Supported Employment Program with disabilities (including those with a label of Autism and Intellectual Disabilities) will select, order, roast, grind, bag, label and distribute a roasted coffee product.
Poudre High School Principal Kathy Mackay	Biogebra Graphing Calculators	Becky Harrison, Katy Parsanko	\$ 3,185.00	SPIE funding provides graphing calculators for students participating in the cross-curricular Algebra 1 and Biology course, supporting students' understanding of how math, science and technology are related.
Lab School for Creative Learning Principal Joe Gawronski	Envision GT Work Sessions	Tamara Shaffer	\$ 290.00	SPIE funding supports the purchase of Envision Real-World Project sets for use with Gifted and Talented students and the Gifted and Talented Coordinator.
Cache La Poudre Elementary School Principal Landus Boucher	Curing Monolinguisim!	Leah Swanson	\$ 458.00	This project provides Spanish novels to support the Teaching Proficiency Through Reading and Storytelling method for novice learners. These novels use high-frequency vocabulary supporting compelling and relevant language acquisition.
Fort Collins High School Principal Mark Eversole	Innovation 2 Creation	Jayson Robinson	\$ 5,000.00	In cooperation with CSU's 3D print lab, students will design and build 3D printers by using 3D printers. When completed, the printers will be donated to elementary and middle schools.
Poudre High School: Principal Kathy Mackay	Geometry in Construction	Nathan Savig, Steve Sayers, Justin Koehn	\$ 4,572.00	Geometry in Construction is a new class that shows the relevance of geometry by pairing it with a construction class. Students will demonstrate their mathematical knowledge by building a Habitat for Humanity home.
Rocky Mountain High School Principal Craig Woodall	When it Rains... It's Citizen Science!	David Swartz, Carol Seemeuller, Scott Kemp, Adrian Flygt, Marion Annis, Kaleo Chung	\$ 4,780.16	Students will deploy rain gauges to collect local precipitation data on a daily basis and analyze the data using existing tools provided by the Community Collaborative Rain, Hail and Snow Network (CoCoRaHS).
Riffenburgh Elementary School Principal Marc Ryby	Social Skills Resources	Valerie Zell	\$ 467.20	SPIE funds will purchase books, games, and activity books that will help referred students become active participants in learning social skills benefitting them in school, at home, in interactions with peers and adults, and in the future.

O'Dea Elementary School Principal Laurie Corso	2 Smartboards, 2 Projection Units	Lisa Hernandez, Jennifer Rosen, Jessica Smeins, Laurie Corso	\$ 5,000.00	This project will help fully equip the autism center-based program with Smartboards and projections units allowing students facing the challenges of autism to achieve their greatest potential.
Student Assistance Services Coordinator Student Assistance Services Melanie Voegeli-Morris	Creative Counseling Library	Kristina Graham	\$ 4,750.00	This library includes therapeutic items that can be shared among the entire team, resulting in more options for counseling sessions. Items include art supplies, bibliotherapy, workbooks, biofeedback, games and more.
Poudre High School Principal Kathy Mackay	"Kindling" A Love for Reading	Adrienne Brandenburg	\$ 4,900.00	SPIE funding will support the purchase of a class set of e-readers and a wide range of ebooks in Spanish for native Spanish speakers who are reluctant readers.
Webber Middle School Principal Sandy Bickel	Cold Frames	Geoffrey Schroeder	\$ 720.00	This project enables the Green Class to build two prototype cold frames to create two extended-season student learning gardens, while simultaneously reclaiming otherwise unused garden spaces.
		Total	\$45,971.17
